

# FD300D

Tiller

## ENGINE SPECIFICATION

|                    |                        |
|--------------------|------------------------|
| Engine Type        | Air Cool 4 Stroke, OHV |
| Displacement       | 79.7cm <sup>3</sup>    |
| Max. Power         | 1.5kw(2.0ps)           |
| Compression Ratio  | 9.0:1                  |
| Starting System    | Recoil                 |
| Ignition System    | Transistorized         |
| Fuel Tank Capacity | 1ltr                   |
| Oil Capacity       | 0.36ltr                |
| Air Cleaner        | Dual Element Type      |

## FRAME SPECIFICATION

|                  |                   |
|------------------|-------------------|
| Clutch           | Belt Tension Type |
| Transmission     | 1.0ltr            |
| Clutch Operation | Manual Lever      |
| Overall Length   | 1320mm            |
| Dry Weight       | 38kg              |
| Operating Weight | 40kg              |
| Transport Wheel  | 360mm             |
